

Travel Notification Form

For your protection, our fraud detection agency consistently monitors credit and debit card activity for unusual transactions to minimize card fraud. Attempted transactions made outside of the state/country where you reside, may be denied and may result in the card being blocked.

Note: Submission of the Travel Notification Form will not completely eliminate the possibility of transaction denial and/or card blockage.

If your transactions are declined, please contact the fraud detection agency 24 hours/7 days a week at:

- Calling within the US: 888-918-7313
- Calling outside the US: 0-170-727-299-2449
- Calling outside the US from a cell phone: 0-727-299-2449

We ask that you provide information for those cardholders that will be traveling only.
